

Draw Your Story – Find Your Voice through Comics

Supply List

Tatiana Gill, Instructor

Regular Pencils (any kind, mechanical or wooden - may go through a couple over the course of the class)

Pens (any black felt-tip pen, pens that “bleed” through paper like a sharpie aren’t ideal - I like pentel sign pen, micron, niji. May go through a couple over the course of the class)

Paper (sketchbook or printer paper - may go through 50 sheets over the course of the class)

We will discuss other possible supplies in class like brush pens, rulers, flat Bristol board, but that’s all personal choice. And if the student has anything they know they’d like to draw with, special paper/pens/paints; that is welcome too.

Estimated cost: \$10-30 depending on choice and preference of materials
