My Awards/Opportunity Pathways

This section will display your current financial aid awards for the year selected. If the award is set to an estimated status, the award is only an estimate of the funds that you may be eligible to receive. Any awards identified as Work Study cannot be used to pay tuition and fee costs.

All awards are based on the availability of funds and your continued eligibility for financial aid. The initial award assumes you will enroll as a full-time student. Your awards(s) will be reduced if you enroll for less than full time each quarter.

Washington Opportunity Pathways is a label applied to all student financial aid programs in Washington (except student loans). It is not a specific financial aid award.

For information regarding financial aid programs please visit www.opportunitypathways.wa.gov
