Pharmacy Technician Immunization Anticipated Costs

ALL COSTS SUBJECT TO CHANGE

This sheet is meant to be a helpful outline of costs associated with immunizations requirements for the externship component of the Pharmacy Technician program. The links included are only recommendations, not required. You are welcome to use your current healthcare provider or any other medical facility of your choosing, including retail pharmacies. Contact us with any questions.

- Tdap vaccination @ [USHealthworks](#) **\$97 + ~~\$30 office visit~~**
Due to recent Pertussis outbreak, Tdap is being required instead of T&D and office visit cost is being waived
- TB test @ [USHealthworks](#) **\$35 each step**
\$70 for two-step
- Varicella titer @ [USHealthworks](#) or with [AnyLabTest](#) **\$89 or \$49 OR**
2-shot Varicella vaccination @ [USHealthworks](#) **\$170/shot**
- Hepatitis B 3-shot series @ [USHealthworks](#) **\$129 each +\$30 office visit**
- MMR titer @ [USHealthworks](#) or with [AnyLabTest](#) **\$168 or \$129 OR**
2-shot MMR vaccination @ USHealthworks **\$131/shot**
- Flu shot @ [USHealthworks](#) and most drug store pharmacies **\$20**

These services can also be done on a sliding scale basis at [community health centers](#) in the area. For a listing of Community Health centers go to King County Public Health site: <http://www.kingcounty.gov/healthservices/health/locations/community.aspx>
