The Advising staff welcomes new and continuing students to spring quarter at NSCC! If you’re planning to transfer to a four-year school, be sure to meet with an advisor and also take advantage of the many college transfer events to assist you with your transfer. Check out the college transfer website at: http://www.northseattle.edu/services/transfer/

For those of you who are graduating spring or summer quarter, congratulations! Your hard work and dedication toward accomplishing your goals has paid off! Important — If you are intending to graduate in spring or summer quarter, you must apply for graduation to have your associate degree posted to your NSCC transcript. Make an appointment with an advisor as soon as you register for your final quarter classes.

To graduate in Spring, 2010
• If you have not already applied for your associate degree, make an appointment to meet with an advisor as soon as possible!

To graduate in Summer, 2010
• Register and apply for graduation between May 17 – June 7, 2010.

Going to a College Transfer Fair and not sure what to ask the Admissions Counselors?

Here are some suggestions...

When you are in the process of choosing a four-year transfer institution, try to keep an open mind about what colleges or universities would best fit you and consider at least three options. Be sure to talk to advisors and admissions counselors from all of those you are considering. North offers college transfer fairs every quarter as well as individual advising appointments with four-year advisors.

After you do your own research, here are some examples of questions you may want to ask an Admissions Counselor:

- Does the institution offer the major(s) I am considering?
- Is there a minimum GPA required for admission?
- Is there a separate application for my intended major?
- How many students attend, and what is the average class size?
- What types of financial aid and scholarship opportunities are available?
- What support is there for transfer students?
- Are there extracurricular activities available?
- What else would you like to know?
